

God the Father Speaks:

I had already asked you to go about blessing everything in your path, so that all that you blessed, people and things, everything created by Me, visible and invisible, would return to Me. Now I am asking you, My children, that you enfold everything with My Love.

LET US PRAY:

***"May the Love of the Holy Trinity
enfold, protect all that is visible and
invisible,
all the souls, all of creation,
against all that satan has defiled
and has led into evil".***

Repeat it continuously, My children and this way My Love shall protect the entire Earth and this way, you will wrest power away from satan for he is powerless against My Love and he will not be able to destroy everyone and everything that is Blessed and protected by My Love.
